Nancy,

I understand the limit to NM facility. However, OAQPS/OAR, not the Regions, would have any information pertaining to the link between EtO and cancer for this facility or any other facility. EN has been involved with discussions with the state and/or the facility and not MM, so they need to be included.

This request limits the scope to this facility Sterigenics facility located at 2400 Airport Road, Santa Teresa, New Mexico 88008. Given that it is limited to this one facility, is it still appropriate to refer this to 6EN, HQ OAQPS, and ORD?

Thanks,
Nancy

Subject: FW: A FOIA has been assigned to you

Nancy, please add EN for the FOIA, and OAQPS and ORD to question re: *Ethylene oxide and the link between its use and cancer*. Thanks.

Fran
